

Township of Scugog Municipal Heritage Register

The Heritage Register is meant to be a celebration of the Township's Heritage and an example of all kinds of properties within the boundaries of the municipality that are important to our community for architectural and historical reasons.

Recent changes to the *Ontario Heritage Act* and the Provincial Policy Statement have put greater status on select cultural heritage resources, including property identified as having cultural heritage value or interest, but not designated under Parts IV or V of the *Ontario Heritage Act*.

The Ontario Heritage Act was amended by Bill 60 in 2005. Previously, the Clerk of a municipality was required to keep a register of properties formally designated under the Act. Amendments through Bill 60 now allow municipalities to add properties to the register that have not been designated under the Act but that a municipal Council, through recommendations of Heritage Scugog, believes to be of cultural heritage value or interest.

The inclusion of non-designated properties on the Registry provides interim protection for sites undergoing change by requiring landowners to provide the Township with at least 60 days notice of their intention to demolish or remove a building or structure on the property. This notice period allows the Township to make a well informed decision about whether long term protection of the property should be sought through the formal designation process.

Any person or organization in the Township of Scugog may nominate a property to Heritage Scugog, the Township of Scugog's Heritage Committee, to undergo an assessment of its cultural heritage value or interest. Site visits are often a part of this process. Once the cultural heritage attributes have been assessed and recorded, Heritage Scugog may make recommendation to Council that the property be included on the Municipal Register.

At its meeting held Oct 1, 2007 Committee received Report PR&C-2007-30 to establish a Heritage Register. The Heritage Register was adopted through Report CORP-2008-22-CNC at the March 31, 2008 Council Meeting.

Properties designated under PART IV (Individual Designation) of the Ontario Heritage Act			
Property	By-Law Day Passed	Civic Address	Heritage Value
Old Town Hall (P) (Town Hall 1873)	By-Law 36-75 September 22, 1975	302 Queen St. Port Perry	Constructed in 1873, 1 st project of Joseph Bigelow, the 1 st Reeve of Port Perry. Many architectural features of Italianate style, reproduction of the original bell tower.
