

Notice of Construction

Portview Road Drainage Improvements

June 2021

The Township of Scugog has contracted IPAC Paving to complete drainage and road improvements to Portview Road between House No. 149 and House no. 192. Construction is expected to begin in late June and is anticipated to be completed within two weeks, weather permitting. The work will include removal of the existing surface, ditching, storm sewer replacements or upgrades, new asphalt to promote drainage, seeding, and general boulevard restorations. Driveways will be reinstated in kind upon completion of the project.

During the construction period, the road will be restricted to one lane of traffic or closed to local traffic as required. Access will be maintained to residences throughout construction with minor interruptions as equipment and processes pass your frontage.

Please exercise caution within the construction zone.

Project updates, traffic routes, and other pertinent information will be posted on the Township's website under *Township Office, Current Projects, Road Construction Projects* and *Live and Play, Traffic Watch Map*. Additionally, you may wish to follow our Facebook page or Twitter account for additional updates.

If you require further information or if you have any questions related to the rehabilitation, please contact:
